Proporcje mieszania podane są objętościowo. Ilość potrzebnego rozcieńczalnika podana jest w procentach licząc na komponent A.

Produkcja wyrobów oznaczonych gwiazdką * została zakończona i nie są one już dostępne w ofercie sprzedaży producenta. Informacja na temat proporcji ich mieszania umieszczona została w tabeli ze względu na ich dostępność na rynku.

Пропорции смешивания указаны по объему. Количество разбавителя рассчитывается в процентах для компонента А.

Производство продуктов обозначенных звездочкой * закончено и они уже не доступны в нашем предложении. Информация относительно пропорции их смешивания указана в таблице, т.к. эти продукты еще имеются на рынке.

The mixing ratio is described volumetrically.

The amount of thinner needed, is presented as the percentage of the A component.

The goods marked with * are no longer manufactured by Novol.

Information concerning the mixing ratio for products marked with * may be found in that table, due to their availability on the market.
